Product Description

The culmination of the sensory experience with the legendary "Dragon" cream.

For the man in solitary pleasure, the cream gives strong sensations.

For couples, begin by pouring on the fingertips, then apply the cream on the glans and the entire length of the limb, rubbing gently.

The cream makes it possible to make the force and the energy of the male organ spring, while maintaining the control of its sexual capacities, in addition to intensified the effects simultaneously the sensations of the female sex for more intense pleasures. Before you unite with your partner, rub your limb on its intimate parts to transfer the cream.

Simultaneously and vice versa, the intense effect of warmth and cold, will travel from one partner to another in a fiery rhythm creating a symphony of pleasure to live as an extremely passionate duo of orgasms.

• **Dragon Virility gives more heat effect and less cold effect compared to the Dragon Sensible.**
