## Product Description

Another sensory effect of the legendary Dragon Cream: Sensitive Dragon Cream.

Several couples are looking for a "fire ice" effect to take full advantage of the love exchange. Shunga offers you a more sensitive version of the legendary Dragon, less intense and equally amusing.

For couples, begin by pouring on the fingertips, then apply the cream on the glans and the entire length of the limb, rubbing gently.

The cream makes it possible to make the force and the energy of the male organ spring, while maintaining the control of its sexual capacities, in addition to intensified the effects simultaneously the sensations of the female sex for more intense pleasures. Before you unite with your partner, rub your limb on its intimate parts to transfer the cream.

Simultaneously and vice versa, the intense effect of cold and a bit of warmth, will travel from one partner to another in a fiery rhythm creating a symphony of pleasure to live as an extremely passionate duo of orgasms. **In the beginning, the sensation of heat may surprise but the cold cycle will soon feel and then alternate rapidly by continuously going from the warm to the cold and vice versa.**

Not recommended for pregnant women or people with genital herpes.
